Take Legal Learning to the Next Level

We know lawyers, so we created a space with the legal industry in mind.

The LexCenter is a state-of-the-art gathering place designed to help lawyers engage with their peers and share knowledge across the legal industry.

With realistic courtroom spaces, a production studio, and a modern, open event space, The LexCenter can accommodate a wide range of experiences and is perfect for continued learning presentations, professional development sessions, networking with your peers and more. You and your team can host anything from mock trials to podcast recording sessions with Lexicon's on-site team of audio/visual professionals, brand representatives, and event coordinators.
